DEDICATION

The yearbook staff proudly dedicates the 1975 KITE 'N' KEY to our principal, Mr. Moore . . .

A man of integrity, ideals, dedication, devotion and high standards. We dedicate this book to our principal who has helped to make our lives at Franklin more pleasant. He encouraged our teachers to use their great ability to help us make the most of our mentality. Mr. Moore, we are sorry for the many problems we have caused you. We can't undo our mistakes, but we can dedicate our lives to a more positive attitude toward our school, our selves and the world in which we live.

Mr. Moore, we salute you. As we climb the ladder of success, may we always remember the many contributions you have made to our lives.

Communicating effectively with ourselves (through thinking) and with others is something we all must learn in order to know ourselves and the world in which we live. Instrumental Music

Music

Students learned to appreciate many types of music. A study of American folk songs pertained not only to music but the history of our country. The life styles of different composers were studied to gain a better understanding of the different musical styles.

The students took great pride perfecting their voices before performing.

The variation of the string section was important for the lovely music heard from this year's orchestra.

G.A.A.

Our editor, Carla Moore, is discussing last year's year book with our Principal.

We close this book with a poem written by Joyce Steigmeyer dedicated to Mr. Moore.

Franklin School is really great.
We owe it to one man.
If he wasn't somewhere around,
The school would be out of hand.

The man I'm talking about, you all know.
And you know him by his name.
He's trying to run a better school,
So we can all grow up with fame.

If every one else would walk out the door,
I'm sure the one to stay would be *Our*
Principal, Mr. Moore.

Editor: Carla Moore
Sponsor: Anna Lilly
